Sub: Request to furnish information under section 6(1) of the Right to Information Act – 2005 regarding EVM (electronic voting machine) and VVPAT (voter verifiable paper audit trial).

Sir,

1. How are BU and VVPAT are aligned for party order if they are independent machines?
2. How is VVPAT enabled for party symbol, does it use external device to feed these symbols?
3. Is multiple keying of the same button is allowed under test mode, like pressing the button Five times to get green light on BU ?
4. What is the lifetime of the paper receipt generated by VVPAT and for how long it is stored.?
5. For how long votes are stored in the CU post-election ?
6. Does BU send signals to CU. How are they interpreted by CU?
7. In which type of memory votes are stored and how its integrity is assured.?
8. Is the Microcontroller used in EVM is custom made or it is the general offering of IC manufacturer?
9. Can the controller be replaced by de-soldering and re-soldering?
10. Is OP code used for the microcontroller is coded on freely available software ?
11. Whether ECIL and BEL burn codes at their own premises, or it is outsourced?
12. Is Election Commission of India having the OP -CODE in its custody and its review has been done by its technical expert committee ?
13. Who certify the EVM and Chips involved in its developments, further who owns the responsibility for quality assurance of chips and OP-code that are burnt in the microcontroller?
14. What is the part name of Processor/Microcontroller that are being used in EVM ?
15. Does the processor use EPROM?
 - If answer to the above is yes, then how it is ensured that it cannot be re-written ?

- If the answer is no than how it is ensured that exact code is implanted in ROM ?

16. Why there is no code authentication unit in EVM?

17. How the code is made secured so that where in house or at the fab it is transferred to chip without alteration ?

18. How to keep a check on code that it has not been modified after it has been embedded in the system ?

19. How the code is updated if new version is to be used ?

20. How OP code version can be verified that it is the latest version and uncorrupted?

21. Wether EVM'S (electroinc voting machines) and VVPAT(voter verifiable paper audit trial) is certified and verified by any authentic recognized instutions of Government of India as well as by any International Institution, Agency or Organization ? If so , Kindly Provide me the details .

- I am a citizen of India having faith in Constitution of India wants to protect the Constitutional ideals of democracy. My address is below mentioned. Requisite RTI application fee for Rs.10/- is being remitted vide indian Postal Order No- 51F 926 482 is enclosed. If any additional fees is required I am ready to pay accordingly as per law.
